Rc. No.6180/32/55. ~~Dated/-~~ ~~22-4-55.~~

Sir,

Sub:- Fisheries - Ice Plant and cold storage at Mangalore - Trial Production-run sanction - requested.

Ref:- G.O.Ms.No.3712 Agriculture Dated 31-12-1954.

--x--

1/ The erection and testing of the Ice plant and Cold Storage at Mangalore will be completed shortly and the Public Works Department will be handing over the plant to the Fisheries Department with in a month. In G.O.Ms.No.3712 Agriculture dated 31-12-54, it has been ordered by the Government that the Ice plant and Cold Storages at West Hill (Kozhikode) and Mangalore should be leased out. Accordingly tenders were called for, for leasing out the plants. As the plant at West Hill has been working under trial production-run from 15-10-54, there were offers for the West Hill plant only.

2/ Now that the erection of the Ice plant and cold Storage at Mangalore will be completed shortly, it has to be put into trial production and run for some time to gain popularity before tenders are invited for leasing out this plant. Electrical energy at Mangalore costs nearly 2½ times that at Calicut. The peak fishing season is now over and the ice sales for the months of May, June and July will be slack. Hence the running of the plant in the first three months will not yield attractive results. But still the plant should be started as an ice making unit early for the following reasons.

1. In a Refrigeration plant, the depreciation will be more if it is kept idle.

2. During the slack months of May, June and July ice sales can be slowly built up so that by the time the peak fishing season starts in September the business will be put to a sound footing.

3. If fortunately the coming prawn season is bright, good sale of ice during June and July also can be expected.

4. The West Hill plant is likely to be handed over to the successful tenderer shortly and they will be engaged, in freezing prawns. The same firm may undertake to freeze prawns at Mangalore also and thus revenue may be expected from freezing.

In the light of the facts mentioned above I request that sanction may be accorded to conduct the trial production-run of the Ice plant and Cold Storage at Mangalore for a period of three months from the date of its first commencement.

The financial implications of the trial run are furnished below.

Expenditure on trial run.

1. Electricity charges for about 4,000 units. (Plant is assured to run on part load only) at about 2½ annas per unit.	Rs. 625-- 0--0
2. One Upper Division Clerk at 80plus 24 plus 7 p.m.	Rs. 111-4-0--0
3. Two Mazdoors at Rs.50/- p.m.	Rs. 100---0--0
4. Other contingencies.	Rs. 100---0--0
Total	Rs. 936---0---0

Establishment charges.

Pay Dearness Allowance and Other Commonsatory Allowance of the Staff sanction in G.O.Ms. No.408 Agriculture dated 14-2-55 for a month.	Rs. 704---0---0
Grand total.	Rs. 1640---0---0

Receipts.

Sale of about 17 tons of ice per month at Rs.50/- per ton.	Rs. 850---0---0

The services of an Upper Division Clerk is necessary to maintain the accounts of the plant and look after the correspondence. During the trial production run of the Ice Plant and cold store at West Hill the services of the Commercial Accountant in the Government Hydrogenation factory were utilised for the maintenance of the accounts and hence the need for an Upper Division Clerk was not felt. At Mangalore the services of the Commercial Accountant will not be available. The rate of ice has been fixed at Rs.50/- per ton in view of the high cost of energy at Mangalore.

Necessary funds have been provided in the current years budget to meet the expenditure. The expenditure is debitable to 40 Agriculture - M - Fisheries - M - Fish Preservation and Transport.".

Though the trial production run of the Ice plant and cold Storage at Mangalore will not be economical in the first stage, it has to be run in view of the facts explained above, to gain popularity before it could be finally leased out. I request for early orders in the matter.

28/4

for Director of Industries and Commerce.

Read: Govt Rs 3212 Agri dated 31.12.54
Govt Rs 408 Agri dated 14.2.55
Govt Rs 1107 Agri dated 18.4.55
From the Director lr no. 61502²/55 dt 22-4-55
Govt no. Rs /380 Agri dated 20/5/55

---

1. The Govt sanction the trial production run of the Fisheries Ice-plant and Cold Storage at Mangalore in S. Kanara Dt. for a period of one month from the date of its commencement.

2. Sanction is accorded to the incurring of an expenditure not exceeding Rs 1529 (Rupees one thousand five hundred and twenty nine only) as shown in the Annexure towards the trial production run of the Ice-plant for a period of one month.

3. The expenditure should be debited to "Geo Agri - M. Fisheries - N. Fish preservation and transport."

4. The Govt do not accept the proposal of the Director to sanction the trial production run for a period of three months as the period is too long. They consider that as the fishing season in the S. Kanara Coast is slack, the trial production run may be experimented for a period of one month only in the first instance. The Govt do not also accept the proposal of the Director for the appointment of an upper Division clerk

4

to attend to the work in connection with the trial production runs of the Sce-plant. They consider that the staff sanctioned in Para 3 on P 2 of Govt Rs 408 Agri dated 14-2-55 in connection with P 3 of (ii) with the erection work of the Sce-plant could very well attend to the trial production work as they will be having less or no work at present as the erection work of the Sce-plant has been completed.

5. The DME is requested to report the results of the trial production runs of the Sce-plant as early as possible.

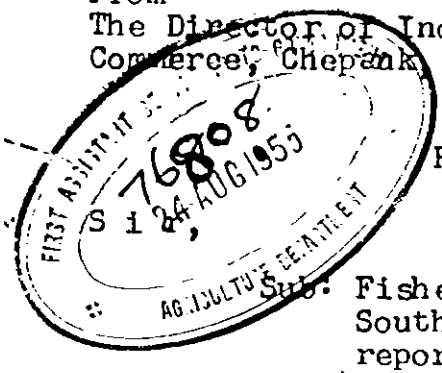
DEPARTMENT OF INDUSTRIES & COMMERCE.

From
The Director of Industries and Commerce, Chepauk, Madras-5.

TO
The Secretary to Government, Agriculture Department, Fort St. George, Madras-9.



Rc.No.6180-X1/55-4, dated 20-8-1955.

Sub: Fisheries - Ice plant and cold storage at Mangalore in South Kanara District - Trial production run sanctioned - report called for.

P3abw

Ref: Government Agriculture Memorandum No.66464-E1/55-1, dated 4-8-55.

I submit that the trial production run of the Ice plant cum cold storage at Mangalore has not yet started for the reasons mentioned below:-

1. The rainy season in West coast begins from June and ends by September. During that period there will not be any fishing and it is called slack or off season.

2. During off season there will not be any purchase of ice by fishermen or freezing and the cold store rooms will not be rented by them.

3. Running the plant during this period will therefore result in loss.

It has therefore been decided to start the trial production run of the plant from the first week of October 1955 when the fishing season is expected to start in full swing. I shall therefore submit my report on the results of trial production run of the ice plant and cold storage at Mangalore by the first week of November 1955.

Rc.No.6180-X.1/55, dated 1-2-1956.

Sir,

Sub: Fisheries - Ice Plant and Cold storage at Mangalore in South Kanara District - Trial production - Run - Report - Submitted.

Ref: Government Memorandum No.66464-E1/55-3, dated 10-1-56.

THIRD ASSISTANT 100 21 3-FEB 1956 AGRICULTURE DEPT

I submit below the report called for in the Government Memorandum cited.

First month of trial production (from 27-9-55 to 31-10-55).

The plant started on trial production from 27-9-55 and since then continues to work round the clock. The ice making unit and the cold storage section are being actively utilised by the fishermen. Ice is being sold at Rs.50/- per ton which compares favourably with the rates of Rs.80/- which was existing before this plant was commissioned. The sale of ice at nominal rates has given a fillip to the iced fish trade and since this plant started production there is considerable increase in the iced fish trade at Mangalore.

Ice sales: For the first month (from 27-9-55 to 31-10-55) a total quantity of 843-3/4 cwts. of ice was sold to fishermen which must have been utilised by the consumers to preserve about 1680 cwts. of fish, Government Ice was being sold not only to local fishermen but also was despatched to various other fishing centres like Kasaragod, Kanhangad, Etakot, Tellicherry and even as far South as Badagara by train. Ice has also been supplied to fishing centres in the North like Surathkal, Kaup, Malpe and even upto Coondapur by motor vehicles. Ice was supplied daily to the B.C.G. unit now working in South Kanara at the various villages in order to enable the unit to preserve the vaccine. There has been a receipt of Rs. 2,026-3-3 from cash sales of ice and Rs. 115-0-0 by Book adjustment to Government Departments.

Fish storage: There has been a receipt of Rs. 124-0-0 from the hire charge of refrigerated space at the rate of 0-8-0 per cwt. of fish per day. Therefore about 248 cwts of fish has been stored and preserved in the cold storage during the month.

Preservation of fish in Refrigerated Chambers is becoming more and more popular and in due course when fishermen will fully understand the benefits of cold storage, we may expect enhanced revenue. The Demand for fresh fish storage space is on the increase.

IInd-month of Trial from 1-11-55 to 30-11-55.

Sale of ice: Sale of ice increased during the second month of trial run. A total quantity of 1232½ cwts. of ice has been sold and a cash receipt of Rs.3,001-13-9 and a book adjustment receipt of Rs. 126-4-0 was realised. Ice was supplied to B.C.G. unit working invarious centres in the District.

Fish storage:- The Demand for refrigerated space increased during this month and a total receipt of Rs. 186-0-0 was realised by hire of refrigerated space at 0-8-0 per cwt. per day. A total quantity of about 372 cwt. of fish was stored over a day and preserved.

III. Month of trial production from 1-12-55 to 31-12-55.

Sale of ice: Sale of ice continued to be strong during the third month A total quantity of 1167½ cwts. of ice was sold and cash receipt of Rs. 2,829-15-6 and book adjustment of Rs. 132-9-3 was realised. Ice was continued to be supplied to B.C.G. units working at the moffussil of South Kanara.

Fish storage: Storage Demand this month increased to nearly 4 times as much as previous month. There has been remarkable response from the fish merchants to the fish storage. Even individual fishermen have started to take advantage of the benefits of this to preserve his valuable daily catch in order to secure a fair price. This is now very popular and it may not take long before this storage space will be utilised to its maximum capacity and as far as fresh fish storage is concerned the turn over of this plant is much better than even the private operated cold storage at West Hill.

I am submitting below the progressive total of the revenue for the three months of trial production.

Final P13 below

p.t. o.

13

Month.	Total receipts of Sales of ice (included S.T. and took adjustment.)	Receipts from rent of refrigerated space.	Total receipt of the plant.	Receipt from insulated Van.	Receipt from motor lugger.
Ocetober '55 From 27-9-55 to 31-10-'55.	2,141- 3- 3	124- 0-0	2,265-3-3	415-8-0	Nil
November '55	3,128- 1- 9	186- 0-0	3,314-1-9	435-10-0	Nil
December '55	2,962- 8- 9	750- 8-0	3,713-0-9	374- 2-0	234-0-0
Total.	8,231-13-9	1,060- 8-0	9,292-5-9	1225- 4-0	234-0-0

Grand total receipt of the plant, insulated Van & motor luggers) Rs. 10,751-9-9.

Therefore I submit that the facilities offered in the plant are becoming more and more popular with the public and the transport facilities by sea as well as by land are also being put to useful utilisation by the fishermen. The trial production is yielding steadily increasing results. The availability of cheap jog power in about April 1956 will cut down the electricity charges of the plant to about 1/3. The lessees of the West Hill plant have a scheme to get prawns frozen in the Mangalore plant also paying the Government processing charges thereby while the department can itself run the plant, more revenue in the freezing section also can be expected. There are also some local interested parties who are negotiating to undertake a scheme of freezing local fish with a view to market it locally during days of meagre catches. Therefore I submit that there is every likelihood of the freezing section also becoming popular and hence before long it may be possible to run ~~xxx~~ economically this plant departmentally whereby the fullest advantage of this scheme will go to the common fisher men for whose benefit this scheme has been conceived.

SECRETARIAT SECRETARY TO GOVERNMENT 7 - APR 1956 AGRICULTURE DEPT.

With reference to Government memorandum cited I have the kind reference to this office proposals No.6180 A1/55 dated 16-11-55 and 1-2-56 wherein I have furnished the total expenditure incurred on trial production run during September, October, November and December '55.

In the G.O.Ms.No.1300 Agriculture dated 20-5-55 referred to in the Government memorandum sanction was accorded for the continuance of the trial production run for one month from the date of commencement and the trial production run was started in the last week of September '55 - Vide this office letter No.6180 A1/55 dated 16-11-55. I also invite reference to G.O.Ms.451 Agriculture dated 20-2-56 wherein Government have sanctioned the continuance of trial production run upto 30-4-56 and incurring of the expenditure there for.

G.C.Rao

Agri(C

Sub:- Fisheries - Ice plant and Cold Storage at Mangalore - Trial production run - Sanction.

Ref:- From the Dtec Lr no 6180 Z2/55 Dt 22.4.55.

Under the Scheme for the provision of Cold Stores for fish preservation which was originally taken up as a Post War Reconstruction Scheme in 1946, the Fisheries Dept. have put up two Ice-cum-Cold Store plants one at Kozhikode in Malabar Dt and the other at Mangalore in S. Kanara Dt. As the departmental working of the plants will not be economical, the Govt in Go Rt No 3712 Agri Dt 31.12.54 accepted the recommendation of the Dtec for the leasing out of the plants to private parties for operation. As soon as the erection work of the Kozhikode plant was completed, the Govt approved the proposal of the Dtec to put the plant on a trial production run. This was considered necessary in order to test the working of the plant and also to give publicity to the plant to the intending tenderers. The trial production run of the Kozhikode plant was successful. As per the orders of Govt in Go Rt No 3712 Agri Dt 31.12.54, the Dtec called for tenders for the leasing out of the two Ice-plants and as a result they have received tenders from three private firms for taking the Kozhikode plant on lease. The tender of Bombay Ammonia and Refrigeration Co, the highest among the three received was accepted and the plant was leased out to them at their tendered rate viz

12

Rs 62,000/- p.a. No offers were received for the Mangalore plant and the Director proposed to put this plant on a trial production run after the erection work is over and to call for tenders once again for the lease of this ~~Mangalore~~ plant. Para 2 of P1 cy (X)

2. The D.E.C has now submitted proposals for the trial production run of the Mangalore plant (vide Appx. 2cy) - The trial run is considered necessary in order to gain popularity before tenders are invited for leasing out this plant - It is reported that the peak fishing season is now over and rice sales for the months of May, June and July will be slack and that therefore the running of the plant in these months will not yield attractive results. But, however for the reasons stated at 'A' on P 1 cy, the D.E.C has requested in Govt. to accord sanction of the trial production run of the Mangalore plant for a period of three months. The financial implications of the proposals are Rs 1640/ p.m as detailed at 'X' on P 2 cy. The anticipated receipts by sale of rice is Rs 850/ p.m. In Govt. Order 405 Agri dt. 14.2.55, the Govt. sanctioned the continuance of the following staff employed in connection with the erection work of the Ice-plants upto 29.2.1956:-

(1) one Refrigeration Engineer.
(2) one A.D.C.
(3) 2 Peons.
(4) 4 Mechanics.

Para 2 on P 1 cy

'A' on P 1 cy

'X' on P 2 cy

'S' on P 2 cy

P 2 cy (W)

3. In addition to the above Staff, the D.I.& C. proposes to appoint one A.D.C and 2 Mazdoors for the trial production run of the Mangalore plant.

3. It is submitted that the erection work of the Mangalore plant has been completed and that therefore the Staff (x) sanctioned for the erection work can very well attend to the trial production work now. The appointment of one A.D.C for this work does not seem necessary. But the posts of two Mazdoors asked for by the D.I.& C. may perhaps be allowed. The trial run may perhaps be experimented for one month at present with the above modifications, the proposal of the D.I.& C. for the trial production run of the Mangalore plant may be accepted. Hereafter though the trial production run will not be economical in the first stage, it has to be run in order to gain popularity before it could be finally leased out.

4. Finance may see for remarks.

The trial production run of the Mangalore plant may be experimented for a period of one month to start with and later if it is found necessary we may extend the trial period if by that time no party has come forward to take the plant on lease.

Subj: Fisheries - Ice-plant and Cold Storage at Mangalore in S. Kanara Dt - Trial production run - Report.

P5g Ref: From the Addl Director no 6180 X1/55 dated 20.8.55
pp 11-13 g From the Addl Director no 6180 X1/55 dated 1.2.56.

pp 3-4 g (5) ✓ On Rc No Rs 13880 Agri dated 20.5.55, the Govt sanctioned the trial production run of the Ice-plant and Cold Storage factory at Mangalore in S. Kanara Dt. for a period of one month in the first instance, while sanctioning the trial run of the factory, the Addl Director was asked to submit a report to Govt on the results of the trial run.

Para 5 on P4 g (5) ✓

2. The Addl Director has now submitted a report to Govt on the results of the trial production run of the Mangalore factory. (vide pp 11-13 g).

Para 2 on P11 g ✓ The plant started on trial production from 27.9.55 and the trial run is being continued ever since. The ice making unit and the Cold Storage section were actively utilised by the fishermen during the first month of trial production i.e from 27.9.55 to 31.10.55. Ice was sold at Rs 50/- per ton as against the existing rate of Rs 80/- before the factory was commissioned. For the first month a total quantity of 843¾ cwts of ice was sold to fishermen. Ice was also despatched to various other fishing centres like Kasaragod, Kanhangad, Bekal and Tellicherry etc by trains. Ice has also been supplied to fishing centres in the north like Kumpla, Malpe and Coondapur by Motor vehicles and to the B.C.G unit working in S. Kanara Dt in order to enable the unit to preserve vaccines. There has been a receipt of Rs 2026-3-3 from cash sales of ice and Rs 115/- by book adjustment to Govt departments.

A on P11 g ✓ About 248 cwts of fish has been stored and preserved

in the Cold Storage during the first month. A receipt of Rs 124/ has been realised by way of hire charges of refrigerated space at the rate of 0-8-0 per cwt of fish. The demand for fresh fish storage is on the increase. ✓ A on P 11 ✓ A on P 12 ✓

3. During the second month of trial production run i.e. from 1.11.55 to 30.11.55 a total quantity of 1232½ cwts of rice has been sold and a cash receipt of Rs 3,001-13-9 and a book adjustment receipt of Rs 126-4-0 was realised. The demand for refrigerated space increased during the second month and a total receipt of Rs 156/ was realised by way of hire charges. ✓ Para 3 on P 12 ✓ do

4. During the third month of trial production run i.e. from 1.12.55 to 31.12.55 a total quantity of 1167½ cwts of rice was sold and cash receipt of Rs 2829.15.6 and book adjustment of Rs 132.9.3 was realised. The storage demand during the third month has increased to nearly 4 times as much as previous month. There has been a remarkable response from the fish merchants to the fish storage. The Addl Dir has stated that the storage space in the factory will be utilised to its maximum capacity and as far as fresh fish storage is concerned, this factory is much better than even the private operated factory at West Hill. ✓ Para 4 on P 12 ✓ Para 5 on P 12 ✓ do

5. The progressive total of the revenue for the three months of trial production is given at 'x' on P 13 ✓. The grand total receipt for three months is Rs 10,751-9-9. The Addl Dir has stated that the trial production run is yielding good results and the availability of cheap Jog power in about April 56 will cut down the electricity charges of the factory to about 1/3. The lessees of the West Hill factory have a scheme to get prawns frozen in the Mangalore factory by paying the cost processing charges. There are some more interested parties in the locality ✓ Para 6 on P 12 ✓ 'x' on P 13 ✓ Para 7 on P 12 ✓ do ✓ do

From Para 13 ✓ who are negotiating to undertake a scheme for freezing local fish with a view to market it locally during days of meagre catches. The do ✓ Addl Secy is therefore of opinion that the freezing section will also become popular before long and it may be possible to run the Mangalore factory economically by the Deptt whereby the fullest advantage of this scheme will go to the common fishermen for whose benefit the scheme has been conceived.

6. It may be seen from the above, that the trial production run of the Mangalore factory is a success and that the Departmental working of the factory if continued regularly will be economical. It is submitted that while submitting proposals for the continuance of the trial production run of the Mangalore factory, the Addl Secy made a suggestion that the factory might be worked departmentally instead of leasing it out to private parties. In connection with this suggestion, the Addl Secy has been asked to submit a separate report justifying his proposal by stating its relative advantages and furnishing rough financial implications. The report of the Addl Secy in this regard when received will be examined separately.

The no. 10705/56 ✓ (Gifty Separately)

7. No other remarks are called for on the report of the Addl Secy - This may be lodged and added to the papers at (5).

Summary.

On GoI No 13880 Agri dated 20.5.55, the Govt sanctioned the trial production run of the ice-plant and cold-storage factory at Mangalore in S. Kanara Dt for a period of one month in the first instance. The plant started the trial production from 27.9.55 and the trial production run is being continued from time to time. The present sanction will expire on 30.4.55. ✓ PP 3-4 of (5) ✓ file no 10705/56 (under this)

2. While sanctioning the trial production run of the factory in GoI No 1380 Agri dated 20.5.55, the Addl Dtee was asked to submit a report to Govt on the results of the trial run. The Addl Dtee has now submitted a report to Govt on the results of the trial production run from 27.9.55 to 31.12.55. The following statement will show at a glance, the quantity of rice sold, total receipts by sales of rice, total receipts from rent of refrigerated space for the period from 27.9.55 to 31.12.55. ✓ PP 3.4 of (5) ≠ Para 5 on P3 of (5) ✓ PP 11-13 of

Month	Quantity of rice sold.	Receipts by sale of rice.	Receipts from rent of refrigerated space
27.9.55 to 31.10.55	843 3/4 cwt	Rs 2,141.3.3.	Rs 124.
November 55.	1232 1/2 cwt.	Rs 3,128.1.9.	Rs 186.
December 55.	1156 3/4 cwt	Rs 2962.8.9	Rs 750.8.0.
Total	3234 3/4 cwt	Rs 8,231.13.9	Rs 1,060.8.0

8231 13 9
1060 8 0
9292 5 9
Rampa fee 12=2=5 4:0
Rice Motor hire 234.0.0
10751 9 9

The grand total receipt for three months including the receipts from insulated van and motor lugger is Rs 10,751.9.9. As the trial run is yielding good results, the Addl Dtee is of opinion that it may be possible to run the factory economically by the Deptt, whereby the fullest advantage of the scheme will go to the fishermen for whose benefit the scheme has been conceived. ✓ Para 7 on P13c

3. It is submitted that while submitting ✓ file no 10705/56 (under this)

proposals for the continuance of the trial production run of the Bangalore factory till 30.4.55, the Addl Dtee made a suggestion that the factory might be worked departmentally, instead of leasing it out to private parties. In connection with this suggestion, the Addl Dtee has been asked to submit a separate report justifying his proposal by stating its relative advantages and giving rough financial implications. The report of the Addl Dtee in this regard when received will be examined separately.

4. No further remarks are called for on the report. This may be lodged and added to the papers at (5).

Finance (Accts) Dept

The note of Agriculture on pages 4-5 above may be perused. The Director of Industries and Commerce has furnished figures for the receipts only; he has not furnished the figures of expenditure incurred for the trial production run. Presumably the expenditure might not have exceeded the amount of Rs. 1,529 sanctioned vide G.O. 1380 MS. dt 20.5.1955. He may, however, be asked to furnish details for the last expenditure, so that an idea may be formed about the working of the plant.

Draft

Agri(ET)

Finance note on P 5 above may be perused. The figures of expenditure incurred for the trial production may be obtained from the Addl Dirc. A draft Memo is put up for approval.

20.3.56 — 20.3.56. — 1m356.

Issued as Memo no 66464 ET 155-56 dt 26-3-56 P15c
from the Addl Dirc Dn no 6180 x ET 155 dt 4-4-56. P19c

With reference to the remarks of Finance Dept at 'x' on P 5 ante, the Addl Dirc has been consulted. His reply is on P 17c. He has invited the attention of the Govt to the separate reports submitted by him in which he has furnished the expenditure figures. The expenditure incurred on trial production run during September and October 1955 was Rs 2579 | while the expenditure incurred during November and December 1955 was Rs 4098.11.9. It may be seen that the total expenditure incurred for the trial run of the plant for the period from September to December 1955 was Rs 6677-11-5 as against a total receipts of Rs 10,751-9-9. The expenditure of Rs 1529 sanctioned in Govt Rs 1350 Agri(S) dt 20-5-55 for the Nirgale production run of the plant was subsequently revised in Govt Rs 2919 Agri dt 19-12-55. No further action is called for in this file. This may be lodged and added to the papers at (S) as previously ordered, after perusal by Finance Dept.
